QUESTION

How do I cancel my software subscription?

ANSWER

You can cancel your subscription by accessing your account.

Note: If you're using a legacy license or legacy rental, the available cancellation options may vary. Please [contact our Customer Service or Sales team](https://www.chiefarchitect.com/company/contact.html) (<https://www.chiefarchitect.com/company/contact.html>) to discuss these options further.

Canceling a subscription

1. Click on [My Account \(https://accounts.chiefarchitect.com/\)](https://accounts.chiefarchitect.com/), sign in to your account, then click on [Digital Locker: Downloads, Product Keys & License Management \(https://accounts.chiefarchitect.com/digital-locker/\)](https://accounts.chiefarchitect.com/digital-locker/).
2. Within your Digital Locker, click on the **Manage** link associated with your license.

If you don't see this option, the subscription has likely been canceled and has expired. If you believe that this is not the case or require further assistance, please [contact our Customer Service or Sales team \(https://www.chiefarchitect.com/company/contact.html\)](https://www.chiefarchitect.com/company/contact.html).

3. Click **Cancel Subscription**.

If you don't see this option, the subscription has likely already been canceled, or the option does not apply to the license type.

4. Click **Cancel Subscription** once more or click **Keep Subscription** to keep your subscription active.

Note: If you choose to cancel, you will have access to your subscription through the expiration date (end of the billing cycle).
